

House Couple

(A live-in position, including salary, benefits, room and board)

This is a wife/husband team position; however, the husband can hold a job outside Heart of Hope. This position is supported with a House Staff team and the functionality of the home is not solely dependent on the House Couple.

The House Couple shall be called of God and to the mission of Heart of Hope while creating a godly Christian home atmosphere in which to care for young women experiencing an unplanned pregnancy. Realizing many women will come with problems associated with men, authority figures, and deep heart wounds, our house couple must know how to love well while being firm as they model healthy boundaries in relationships between each other and to the young women they serve.
